Our Story

With over three decades of expertise in the CAD industry, our founding team, pioneers of PowerCAD Draft, one of the earliest CAD solutions in the early 1990s launched ACTCAD in 2014 with a singular mission: To make enterprise-grade CAD software accessible to everyone.

Initially empowering the passionate engineers and designers, ACTCAD has grown to be trusted by Fortune 500 companies and thousands of businesses across 100+ countries. Our journey is built on innovation, experience, and a commitment to empower creators while keeping our solutions within everyone's reach.

ACTCAD Products

▶ ACTCAD PREMIUM

Design Complex 3D Models

Enables the 3D visualization, simulation, and analysis of complex models.. It also includes custom block libraries and built-in file format converters (PDF to DWG, DWG to PDF, etc.)

▶ ACTCAD STANDARD

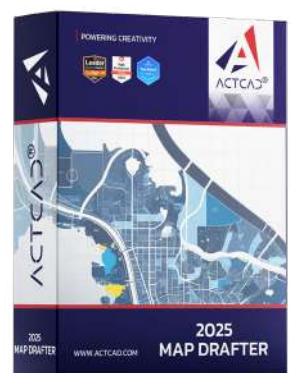

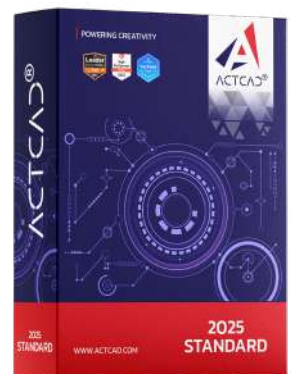

2D Drafting & Viewing 3D Models

A powerful 2D Drafting software compatible with DWG and DXF formats. It can view but not create 3D models. Its intuitive user interface ensures no learning curve for AutoCAD users

▶ ACTCAD MAP DRAFTER

Digitizing Maps with CAD

A specialized CAD software meticulously designed for cartography and map drafting needs. It caters to the needs of cartographers, urban planners, architects, and GIS professionals worldwide

ACTCAD Add-Ons

Nesting

Dials & Scales

CNC Profile Cutting

CNC Post Processors

Rail Road Sections

Testimonials

Ujval D. ★★★★★

"Lightweight and similar to other expensive products. Really loved the features. Also, ACTCAD Lib in add-on is huge and very specific, sorted application-wise."

Production Engineer | ZETWERK | Mumbai, India

Eugene K. ★★★★★

"ActCAD is a powerful replacement and the price and performance is the best. It is 100 times better than the other best sellers and 1/10 of the price with permanent license."

Electrical Designer | Proconics | Mpumalanga, S.A.

Gary H. ★★★★★

"ActCAD perpetual subscription at a very good price is the best bet against AutoCAD's rising prices for yearly subscriptions. Excellent answer against AutoCAD's rising prices every year for their annual subscriptions! Go for it!"

CAD Designer | Pam Harbor Homes | Dallas, TX

Tarek Gharib ★★★★★

"Our company has been using ACTCAD since 2016, and holds more than 100 licenses. We found that this suits all our requirements at an economical price. The team always provides good technical support."

GM | Neo Spectrum Engineering | Doha, Qatar

Top Reasons to Choose ACTCAD

Innovation

Enterprise-grade

Powerful, Fast & Secure CAD Software

Licensing Options

Cloud License, Network Floating, Key-based, Dongle

Learning Module

First-of-its-kind intuitive self-learning module

File Convertors

PDF to CAD Drawing, DWG to PDF, PDF to DWG

Raster to Vector

Convert Image to DWG/DXF Files

Pricing

Perpetual Licensing

One-time Purchase Fee with Lifetime Validity

Shared Licensing

Share your firm's ACTCAD licenses within your team

Economical Pricing

No Annual Subscription Fee

Productivity

No Learning Curve

If you use AutoCAD, you're 99% ready for ACTCAD

File Compatibility

DWG, DXF, SHP, .dgn, .stp, .igs, .stl, .obj, .svg, etc.

Block Library

7000+ blocks, plus the functionality to add your own

Programming Languages

Supports LISP, DCL, SDS, Object IRX, .Net

Live Technical Support

WhatsApp, Phone, Email, Ticketing - As applicable
